

portable banner solutions

rollup

Rollup retractable banner stands consist of an enclosed metal base which houses the graphic and a shock-corded, segmented pole which holds the banner graphic up. The important advantage of a retractable banner stand is that when the banner is not in use, it is safely rolled up inside the base creating a compact, well-protected package for easy transportation.

signup

This single-sided banner system is free-standing, sturdy, and ultra-lightweight, making it ideal for instant presentations.

Complete with a graphic, it fits into its own carry bag.

Optional 50 watt low-voltage halogen or 60 watt wall-washer halogen.

portable banner solutions

future banner

Stylish single-sided cassette banner offering a fast and easy solution for point-of-purchase applications. Top-loading spring-action door makes changing the graphics incredibly simple. Anodized aluminum exterior adds a modern edge that is light weight and portable. Non-skid PVC bumpers ensure a stable base in any application. Internal graphic pole storage is extremely convenient.

Complete range of accessories such as cube and angle rack literature holders. Add an optional light for an even more dramatic look.

- 1 Removable graphic cassette.
- 2 The Main case holds the entire Future Banner system.
- 3 The accessory bag clips to the main case and can hold an extra cassette and optional light.
- 4 Optional 50 watt low-voltage halogen or 60 watt wall-washer halogen.
