Proud Members Of:

Professional design and printing services.

- *Print Brochures*
- *Logo Development*
- *Display and Exhibit Graphics*

We can help you with more than your displays and exhibits! Let us provide a quick, competitive quote on your next graphic design project. We design and print anything – brochures, booklets, annual reports, newsletters, flyers, posters, logos, displays and more.

Professional Exhibit Design Services

Whether one of our existing designs or a completely custom exhibit is what you need, one of our professionals will work with you to develop a solution that works perfectly and provides you true long-term value. Our team has years of experience in creating and producing exhibits of all types and sizes. So if you don't see exactly what you need, be sure to ask!

Graphic Design for Displays & Exhibits

In addition to designing the perfect exhibit solution, our in-house artists will help you present your message with highly-effective graphic designs. Designing for large format graphics differs greatly from web and print design and can present significant challenges for the inexperienced. We have the experience and know how to get the best results out of this demanding medium.

Our professionals designed these logos and are ready to help you with your next logo development, update or redrawing project.

Increase your distributor sales with Brand Attendant.

Put your products top-of-mind by offering your distributors custom branded showroom and sales presentation displays.

Our Brand Attendant program helps you control your sales and branding efforts by making it easy for your distributors to participate in your marketing initiatives. Your end users go to your company's Online Ordering Center, which is custom built with your selection of pre-approved displays, signage, and other materials. Once they've made their selection(s), they can customize the items using the options you've pre-approved. We fulfill and deliver the orders directly to your end users. You can pass along the costs, co-op or pay 100% - the program is flexible and adaptable to your needs. And with Brand Attendant's management screens, it's easy to know what items have been deployed where. You can view reports of items that have been purchased, who purchased them, and specific customizations.

Top 10 Reasons

To Choose A Beautiful Displays Truss Exhibit

#1 NO STEEL TRUSS = Huge Savings

- While steel truss may look cheap at the outset, its heavy weight dramatically increases shipping and handling costs. Any money 'saved' is often eaten up by the first or second time the exhibit is used -- and the costs just keep adding up!

Take a look at the following real-world comparison to see how:

	BK1-C 10' Aluminum (142 lbs.)	Orbital 'Lotus' 10' Steel (311 lbs.)	SAVINGS PER SHOW! by Choosing Beautiful Displays Truss	SAVINGS PER YEAR! Exhibiting At Three Shows Per Year	SAVINGS OVER FIVE YEARS! Five Years Of Use Three Shows Per Year
Round-Trip Shipping	\$668.61	\$1343.25			
Material Handling	\$136.00	\$272.00			
Total	\$804.61	\$1615.25	\$810	\$2,430	\$12,150

#2 Made In The USA

- All exhibits and casing in this catalog are Made In The USA.

#3 Easy A/V Integration

- Hold large Plasma and LCD monitors with ease.

#4 UPS Shippable Wheeled Cases

- Ship UPS or Freight! Three of our 10x10 kit designs ship in only ONE UPS SHIPPABLE CASE!

#5 Superb Brushed Aluminum Finish

- Brushed aluminum finish helps you keep your truss looking great for years to come.

#6 Simple & Easy Set-Up

- Simple carriage bolt/wingnut assembly is easy to understand and difficult to mess-up.

#7 Outdoor Capable

- Aluminum truss and fabric graphics can be used outdoors without worry of damage.

#8 Fabric Graphics

- Fabric graphics are durable, lightweight, foldable, washable and easy to setup.

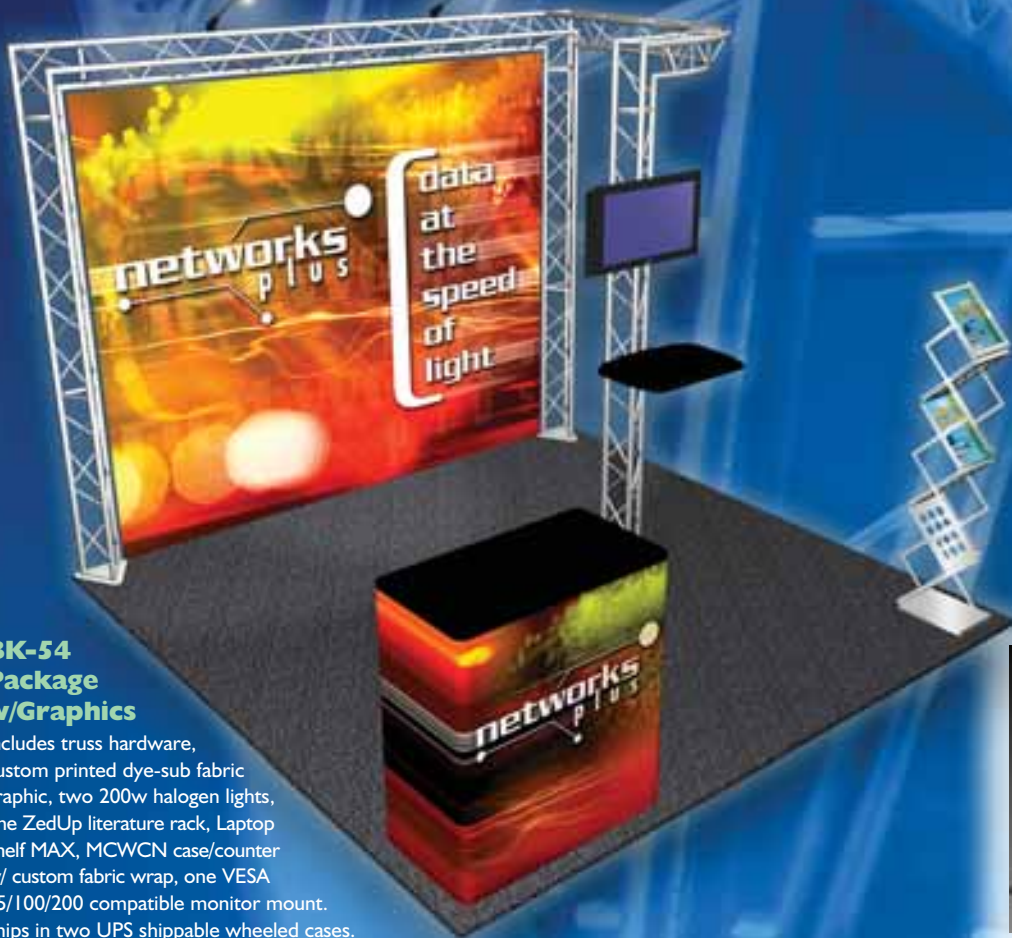

#9 Expandable/Reconfigurable

- Simply add new truss pieces to expand in to larger booth sizes by either *buying* or *renting*.

#10 It's just plain cool — yet affordable!

- Awesome look and feel of truss and fabric within most any exhibitor's grasp!

10' Inline Truss Exhibits

BK-54 Package w/Graphics

Includes truss hardware, custom printed dye-sub fabric graphic, two 200w halogen lights, one ZedUp literature rack, Laptop Shelf MAX, MCWCN case/counter w/ custom fabric wrap, one VESA 75/100/200 compatible monitor mount. Ships in two UPS shippable wheeled cases.

Only \$7,776

All of our truss exhibits are built using the highest quality, made-in-the-USA, Nimlok® Trilok® triangular aluminum truss components. Enhance your exhibit with a wide range of functional accessories. A large variety of additional straight and curved sections and junction pieces are also available, allowing for the creation of thousands of customized configurations.

All of our truss exhibit kits are also available for rental for your next event.

Dramatically cut shipping & drayage costs!

Complete 20' Inline Truss Exhibit Packs In One UPS Shippable Wheeled Case!

Easy expansion too!

In addition to being easily reconfigurable into smaller exhibits, all of our truss exhibits can be expanded and reconfigured into larger shapes, sizes and functions.

Simply add new truss pieces to expand into larger booth sizes by **either buying or renting!** Typical expansion from 10x10 to 10x20 allows for the usage of all original truss parts and graphic with no loss of investment.

Compare that to pop-up and panel systems, which cost basically the same amount of money as your original investment for each additional 10' in width, if an upgrade path is even available!

Most of our 10'x10' kits are designed to be able to be used in 8' wide booth spaces and can even be configured to be used on a tabletop!

20' Inline Truss Exhibits

BK-811 Package w/Graphics

Includes truss hardware, two dye-sub fabric graphics, four 200w halogen lights, two Large Counters, two VESA 75/100/200 monitor mounts, two ZedUp literature racks. Ships in four UPS shippable wheeled cases.

One Exhibit - Many Setups

Each of our 20' inline truss exhibits is designed to be able to setup as a 10' inline booth without purchasing anything additional! Or any of our truss displays can be easily configured into new shapes and designs by purchasing minimal additional parts. Furthermore, expansion to even larger booth sizes is simple and cost effective because many or all of the existing components can be utilized.

Identity Tower Truss Exhibits

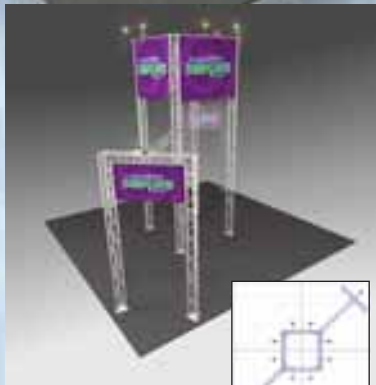

Put your message at the top with our 16 foot tall identity towers.

Our identity tower truss displays feature a dominating 16' height to put you and your message above your neighbors. To see what a tower would look like with your identity, just ask one of our exhibit professionals about getting a FREE 3D rendering of your exhibit, customized and accessorized for your specific needs.
