

# ShowStyle Briefcase Display

## Every Presentation an Open and Shut Case

Eliminate the need for panels that are awkward and clumsy. Photos, charts, signs or other visuals easily attach to the Velcro ready panels. Each ShowStyle briefcase includes a white arch top header with four tabs that enable the presenter to attach the header quickly and securely. The header easily packs away into special indentations located on the center panels back side. After a presentation, ShowStyle folds back into a "briefcase" with attached visual elements still in place for transport. You'll love our exclusive hideaway handle grip. Push down to

show, pull up to go. Walk in with ShowStyle, and make your next presentation an open and shut case.

ShowStyle morphs from a briefcase to a 48" x 24" display in seconds!
