

# Discover The New ShowStyle Stage II

## See Your Ideas In A Brand New Light

You've already seen the ShowStyle Briefcase Display. You know, the professional looking briefcase that morphs into a 24" x 48" presentation system in just a few seconds.

Now you will see ShowStyle in a brand new light. Graphics will grab more attention, illuminated by two dazzling LumaStar 50 watt halogen lights. Attaching lights is easy with our twin-pin system. When it's time to go, simply place the lights, power adapter and cords back into the convenient foam lined storage area located under the carry case. Graphics or other visual aids attached with Velcro remain in place during transport.
