

xpressions **SNAP!**

1. Unpack the display.

2. Place the frame on the floor - graphic side down; feet facing you.

3. Separate the frame slightly. Make sure graphics are not caught on frame or connectors.

4. Locate center hubs.

5. Reach in midway to grab the pole.

6. With an even and controlled motion, extend your arms up and out, until you hear the snap!

7. Enjoy your display!
